### 2006 – 2007 State Budget Reimbursement Contingency

If the state of California does not enact the fiscal year 2006 – 2007 budget by June 30, 2006, the California Department of Health Services (CDHS) will direct the Fiscal Intermediary, EDS, to implement provisions pursuant to state law to continue processing and adjudicating claims as outlined below.

EDS will process and adjudicate claims for the following programs, regardless of date of service.

- Medi-Cal
- Family PACT (Planning, Access, Care and Treatment)
- California Children's Services (CCS)/Medi-Cal
- County Medical Services Program (CMSP)
- Child Health and Disability Prevention (CHDP)/Medi-Cal
- Abortion

EDS will withhold all reimbursements for the following programs regardless of dates of service. The last warrant date for claims for these programs will be June 22, 2006.

- CCS-only
- Genetically Handicapped Persons Program (GHPP)
- Healthy Families
- CHDP-only (that is, claims for clients with aid code 8Y)

Effective for dates of service on or after July 1, 2006, claims submitted by provider types for which contingency funding is not available will continue to be processed, but reimbursement for these claims will be withheld until the state budget is approved and EDS receives approval from the state to resume reimbursement. (Claims will continue to pay for dates of service prior to July 1, 2006.) The following programs will be affected by the temporary withhold:

- Expanded Access to Primary Care Programs (EAPC)
- Cancer Detection Programs: Every Woman Counts
- Children's Treatment Program (CTP)

All providers are asked to continue to render services and submit claims for processing.

**OPT OUT** is a new service designed to save time and increase Medi-Cal accessibility. A monthly e-mail containing direct Web links to current bulletins, manual page updates, training information, and more is now available. Simply “opt-out” of receiving this same information on paper, through standard mail. To download the OPT-OUT enrollment form or for more information, go to the Medi-Cal Web site at [www.medi-cal.ca.gov](http://www.medi-cal.ca.gov), and click the “Learn how...” OPT OUT link on the right side of the home page.

## Stop Illegal Tobacco Sales

The simplest way to stop illegal tobacco sales to minors is for merchants to check ID and verify the age of the tobacco purchasers. Report illegal tobacco sales to 1-800-5-ASK-4-ID.

For more information, see the California Department of Health Services Web site at <http://www.dhs.ca.gov>.

## MEDI-CAL FRAUD IS AGAINST THE LAW

MEDI-CAL FRAUD COSTS TAXPAYERS MILLIONS  
EACH YEAR AND CAN ENDANGER  
THE HEALTH OF CALIFORNIANS.

HELP PROTECT MEDI-CAL AND YOURSELF  
BY REPORTING YOUR OBSERVATIONS TODAY.

**THE CALL IS FREE AND YOU CAN REMAIN ANONYMOUS.**

Knowingly participating in fraudulent activities can result in prosecution and jail time. Help prevent Medi-Cal fraud.

### 2006 – 2007 Checkwrite Schedule

Effective immediately, the checkwrite schedule is updated for fiscal year 2006 – 2007. This schedule reflects warrant release dates and Electronic Fund Transfer dates of deposit for the following programs:

- Medi-Cal
- County Medical Services Program (CMSP)
- California Children’s Services (CCS)
- Genetically Handicapped Persons Program (GHPP)
- Abortion
- Family PACT (Planning, Access, Care and Treatment)
- Healthy Families (HF) Program
- Child Health and Disability Prevention (CHDP)
- Cancer Detection Programs: Every Woman Counts
- Expanded Access to Primary Care (EAPC)

*This information is reflected on manual replacement page check 1 (Part 1).*

### RAD Code and Correlation Table Revisions and Additions

The following Remittance Advice Details (RAD) messages are revised or added to help reconcile provider accounts.

#### Revisions

| <u>Code</u> | <u>Message</u>   |
|-------------|--|
| 9655        | Provider needs to rebill with the appropriate diagnosis code or submit an appeal with the appropriate medical documentation. |
| 9680        | Invalid modifier combination. Resubmit with correct modifier(s).   |

#### Additions

| <u>Code</u> | <u>Message</u>  |
|-------------|---|
| 9860        | Multiple modifiers should be billed on separate claim lines.                  |
| 9861        | Claim is not payable due to another service paid on the same date of service. |
| 9865        | This consent form is invalid. Only the PM 330 form is valid.                  |
| 9867        | Procedure code is limited to one in three months.                             |

Adjustment Reason Codes (ARC), Adjustment Group Codes (AGC), Health Care Remarks Codes (HCRC) and description updates have been added to the *Remittance Advice Details (RAD) Electronic Correlation Table to National Codes* sections in the Part 1 manual.

*This information is reflected on manual replacement pages remit cd9000 33, 35 and 42 (Part 1), remit elect corr9600 4 and 6 (Part 1), remit elect corr9800 3 (Part 1) and remit elect corr hcrc 3 (Part 1).*

**RAD Code 010: Denials for Duplicate Claims**

A frequent cause of claim denials by Medi-Cal is due to incorrect recipient admission and discharge dates and/or incorrect patient status codes as submitted by providers. Erroneous “from-through” dates or patient status billed by one provider and paid by Medi-Cal can result in the denial of correct claims billed by another provider. This often occurs between hospitals and nursing homes during the transfer of the recipient. Providers see this on their *Remittance Advice Details* (RAD) as a claim denied by RAD code 010.

Should the denied provider choose to dispute the claim and there is no resolution between the two providers regarding the dates in question, Medi-Cal could recoup the full reimbursement of the original erroneously paid claim, and would not make an adjustment without a correction request from that provider.

Incorrectly paid and denied claims can also create incorrect provider reimbursement data and inaccuracies in the health service records that may impact beneficiary Share of Cost, access to services and estate recovery.

For assistance in resolving these issues, providers are advised to write to the Correspondence Specialist Unit at:

Correspondence Specialist Unit  
P.O. Box 13029  
Sacramento, CA 95813-4029

For information about proper claim form completion, refer to the claim completion section in the appropriate Part 2 manual.

**Upcoming NPI Registration on the Medi-Cal Web Site**

To help collect National Provider Identifier (NPI) numbers from Medi-Cal providers, the California Department of Health Services (CDHS) is developing an automated collection system utilizing the Medi-Cal Web site ([www.medi-cal.ca.gov](http://www.medi-cal.ca.gov)). The NPI collection will be an easy and cost-free registration process.

Early NPI registration with Medi-Cal better ensures providers of uninterrupted payment when the HIPAA-mandated transition takes place on May 23, 2007. Further instruction about the NPI registration process and availability can be obtained by visiting the Medi-Cal Web site or by calling the Telephone Service Center (TSC) at 1-800-541-5555. On the Web site ([www.medi-cal.ca.gov](http://www.medi-cal.ca.gov)), click the “HIPAA” link, then the “HIPAA News” link to find the May 2005 article, “HIPAA National Provider Identifier Update.”

CDHS encourages providers to apply for their NPI at the National Plan and Provider Enumeration System (NPPES) Web site at <https://nppes.cms.hhs.gov>, and to register that NPI with Medi-Cal.

For additional information about the NPI and its use, the Centers for Medicare & Medicaid Services (CMS) created an instructional tool called the NPI Viewlet. This tool provides an overview of the NPI, a review of the NPI application and a link to the NPPES Web site. Links and downloads regarding the NPI are available on the CMS NPI Overview Web page at [www.cms.hhs.gov/NationalProvIdentStand](http://www.cms.hhs.gov/NationalProvIdentStand). To reach the NPI Viewlet, click the “Educational Resources” link and then the “NPI Viewlet” link.

### 837 Transaction Emergency Certification Statement Update

Effective June 23, 2006 after 6 p.m., when including an emergency certification statement on the ASC X12N 837 v.4010A1 Institutional transaction, the first five characters must be “EMCER” and the qualifier must be “ADD.” The code and qualifier must be entered in the NTE02 element (Billing Note Text) of the NTE Billing Note segment.

The “EMCER” code is required at the beginning of emergency certification statements only. Do not include these characters if using the NTE02 element to submit other information. This change is only for the Institutional 837 transaction.

The Inpatient and Outpatient data specifications (part of the *837 v.4010A1 Health Care Companion Guide*) have been updated to reflect this change with an example illustrating this new requirement. The companion guides are available on the Medi-Cal Web site ([www.medi-cal.ca.gov](http://www.medi-cal.ca.gov)) by clicking the “HIPAA” link on the home page, then the “ASC X12N Version 4010A1 Companion Guides and NCPDP Technical Specifications” link.

### CHDP Exception to Electronic Claim Form Transition

All Medi-Cal providers submitting electronic claims must submit using HIPAA-compliant transactions beginning December 1, 2006, except for Child Health and Disability Prevention (CHDP) providers (claim type 11). CHDP claims will be transitioned to a HIPAA-standard claim format at a later date. It should also be noted that Vision electronic submitters will be transitioned to a HIPAA-standard claim format on July 1, 2006 and Medi-Cal will no longer accept the proprietary format for this group of providers.

Medi-Cal is currently accepting both HIPAA compliant and non-HIPAA compliant electronic claims transactions as part of a contingency plan to assist submitters in transitioning to full compliance. However, due to required changes in support of the NPI, Medi-Cal must discontinue proprietary and non-HIPAA standard electronic claim transactions.

Medi-Cal offers the HIPAA-compliant ASC X12N 837 v.4010A1 transaction for Computer Media Claims (CMC). Acceptable submission types are dial-up, tape or Internet. CMC must still meet current Medi-Cal policy and billing requirements.

### IPCS for Professional Claim Submissions

Another option for Professional claim submitters is the Internet Professional Claim Submission (IPCS), a free-of-charge direct data entry system accessible via the Transaction Services page on the Medi-Cal Web site ([www.medi-cal.ca.gov](http://www.medi-cal.ca.gov)). IPCS is used to submit single claims in the HIPAA-compliant ASC X12N 837 v.4010A1 Professional format.

To use IPCS, you must have a *Medi-Cal Point of Service (POS) Network/Internet Agreement* and a *Medi-Cal Telecommunications Provider and Biller Application/Agreement* (DHS 6153) on file with Medi-Cal. There is no testing required for IPCS once both forms are submitted to Medi-Cal.

### Self-Service HIPAA Transaction Utility Tool

To support the transition, Medi-Cal has implemented a Web-based, self-service transaction validation environment – the HIPAA Transaction Utility Tool. The utility tool is offered at no cost and offers everything providers need to exchange Electronic Data Interchange (EDI) files with Medi-Cal.

The utility tool allows providers to test transactions prior to actually sending them to Medi-Cal. The tool also contains documentation such as EDI specifications (companion guides) in a format that can be viewed online or easily downloaded. The utility tool validates transactions based on the companion guide requirements and offers troubleshooting and reporting features that enhance Medi-Cal’s current testing and media activation requirements.

*Please see Electronic Claim Form Transition, page 6*

**Electronic Claim Form Transition** (*continued*)

Providers can access the HIPAA Transaction Utility Tool from the Medi-Cal Web site sysdev Transaction Services page. We strongly encourage you to take advantage of this service.

- Go to the **sysdev** Transaction Services page (<https://sysdev.medi-cal.ca.gov/Eligibility/Login.asp>).
- Enter your current Medi-Cal submitter ID and password. (Your submitter ID must have “CMCSUB” as a prefix and the password is the same password used for CMC dial-up access.) Click “Submit.”
- The “Transaction Services” menu will appear. Click the “HIPAA Transaction Utility Tool” link. A separate window will open for the application.
- When the Transaction Utility Tool application is open, click the “User Guide” link located in the left navigation bar for step-by-step use and instructions.
- An e-mail address will be requested when adding your contact information using the HIPAA Transaction Utility Tool.

**Application/Agreement Form**

Providers may submit 837 transactions directly or employ a billing service to prepare and submit their 837 transactions. To become an authorized 837 transaction submitter, providers and billing services must first complete and mail an application/agreement to the CMC Unit. The application is available on the Medi-Cal Web site. From the home page, click the “Forms” link, then the “Medi-Cal Telecommunications Provider and Biller Application/Agreement (DHS 6153)” link. More information can also be found in the *CMC Enrollment Procedures* section in the Part 1 manual.

**Information for 837 Transaction Submitters**

The “HIPAA Update” and “HIPAA News” pages on the Medi-Cal Web site include links to a variety of important information for 837 transaction submitters and applicants, including technical specifications, implementation instructions, companion guides, frequently asked questions (FAQs) and biller updates.

If you have any questions, contact the Medi-Cal Telephone Service Center (TSC) at 1-800-541-5555, then select Option 16 followed by Option 11 for CMC.

**Cancer Detection Programs Regulatory Requirements for Services Outside of Clinic**

Cancer Detection Programs: Every Woman Counts providers must practice within HIPAA regulations when delivering clinical services and while engaging in follow-up and case management of patients outside the normal clinic setting. Providers who collaborate with other organizations to assist with clinical service delivery must have Business Associate Agreements in place that specify appropriate use of and safeguards for Protected Health Information (PHI). In addition to assuring protection of PHI, Cancer Detection Programs: Every Woman Counts providers must also ensure that there is no decrease in the quality of clinical services provided. The clinical service site must meet all Joint Commission on Accreditation of Healthcare Organizations (JCAHO) inspection standards.
